European Project

SERLET

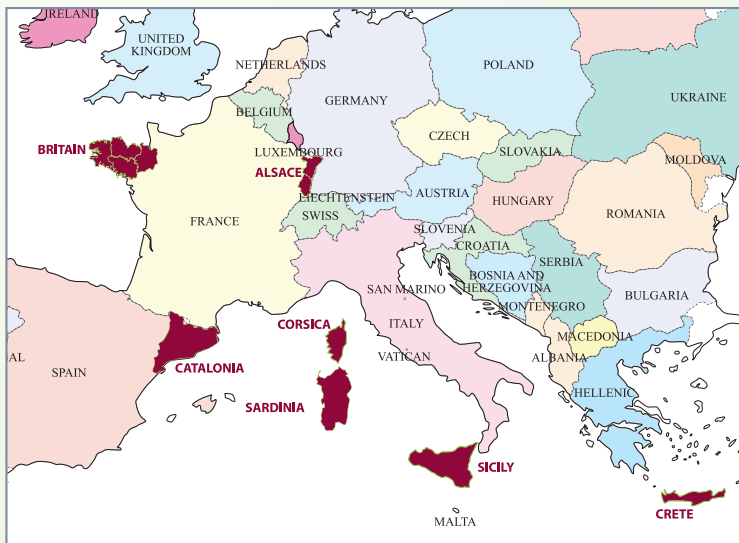

Support European
Regional Languages
in Education
and Tourism

What is SERLET all about ?

- An innovative tool for supporting 7 Regional languages.
- A facility to non speakers of the regional languages to get motivated and familiarized with the regional languages.
- A user-friendly way to understand the cultural significance of RLs and enable the regional community to benefit from the cultural activity in that more widespread language.
- A mean to increase the tourist attractiveness of the Regions.
